

HUNTINGTON'S DISEASE SOCIETY OF AMERICA

Case Study

The Project

Project 1 and 2 (Winter 2023/2024):

Vaughan Johnson-Maunders, Office Assistant at the Huntington's Disease Society of America, was referred to Arnold's Office Furniture by a fellow designer. This recommendation played a significant role in their decision-making process. Additionally, as HDSA was in the midst of overhauling their entire office, our extensive selection of office furniture made it simpler for them to make a choice!

HDSA initiated their inaugural project by incorporating 22 cubicles and a reception area within their New York facility. Shortly thereafter, they undertook enhancements to several offices, introducing four L-shaped desks, and revamped their conference room with eight training tables.
