

MAHONING COUNTY PUBLIC HEALTH

Case Study

The Project

Project 1 (Winter 2019):

Mahoning County Public Health (MCPH) initiated their first project in Youngstown, OH upon recognizing the need for office furniture to support their growing team. When asked why they decided to go with Arnold's for their expansion, they replied "The fact that Arnold's carries the Sunline cubicle system."

Their initial project involved 6 Sunline Signature workstations to create an efficient and functional workspace.

Project 2 (Spring 2021) / Project 3 (Summer 2023) / Project 4 (Fall 2023):

The affordability of the Sunline Signature workstations simplified the process of enhancing other areas within MCPH's building.

Their next three projects consisted of 13 brand new workstations.

Project 5 (Winter 2024) :

The latest endeavor involved upgrading an additional 13 workstations and spanned approximately 7 weeks. MCPH needed to reassign the staff from this section to another location within their campus, dismantle the pre-existing cubicles, and refresh the space with new paint and carpeting in preparation for the new furnishings. From the initial sale to the delivery, the entire procedure was seamless and hailed as "simply the best" from beginning to end.

**MAHONING COUNTY
PUBLIC HEALTH**
PREVENT · PROMOTE · PROTECT

About Our Client:

Mahoning County Public Health promotes and protects the health of individuals and communities by educating, mobilizing, and collaborating with the public to prevent disease, reduce health disparities, and enhance the quality of life in Mahoning County

"MCPH highly recommends Arnold's Office Furniture! Staff is incredible, product is great and we are never disappointed!!"

- Julie Thompson

The Solution

In 2019, MCPH initiated the upgrade of their cubicles, recognizing the need for a scalable, cost-effective solution that would evolve with them over the years without compromising on aesthetics. When they came across the Sunline Signature cubicle system, they knew it fit exactly what they were looking for.

During the first two projects, they observed the installation process of the Sunline Signature stations, noting how the panels easily slid into position. By the time the third project came to light, involving 4 Sunline Signature workstations, they were confident enough to undertake the installation themselves, leading to significant savings in both cost and time!

We are grateful for the relationship we have with MCPH and are excited about any future opportunities that may arise as they continue to grow!

The Products

Project 1:

- (6) **Sunline Signature Cubicles**
 - Footprint: 5x5'
 - Height: 65"
 - Accessories:
 - Box-Box-File Storage
 - Overhead Storage
 - Electric

Project 2:

- (5) **Sunline Signature Cubicles**
 - Footprint: 7x4', 8x6', 5x2', 16'-6"
 - Height: 53", 65", 82"
 - Accessories:
 - Box-Box-File Storage
 - Two-Drawer-Lateral Storage
 - Electric

Project 3:

- (4) **Sunline Signature Cubicles**
 - Footprint: 7x10'
 - Height: 65"
 - Accessories:
 - Box-Box-File Storage
 - Electric

Project 4:

- (4) **Sunline Signature Cubicles**
 - Footprint: 7x6', 5x9'
 - Height: 65"
 - Accessories:
 - Box-Box-File Storage

Project 5:

- (13) **Sunline Signature Cubicles**
 - Footprint: 6x6'
 - Height: 65"
 - Accessories:
 - Box-Box-File Storage
 - Box-File Storage
 - Overhead Storage
