

FIRST COAST MORTGAGE FUNDING

Case Study

The Project

First Coast Mortgage Funding (Spring 2024):

In January of 2024, Andreas Gemellas, Director of Operations, contacted Arnold's to inquire about office furniture for their new location in Pointe Verda, FL.

In addition to our team's excellent communication and the services we provide, First Coast Mortgage chose Arnold's because we had exactly what they needed, when they needed it!

About Our Client:

First Coast Mortgage Funding is a full-service mortgage broker serving a variety of communities up and down the East Coast.

They are committed to helping those who are looking to purchase or refinance a primary residence, vacation home, or investment property. Their goal is to provide home loans to clients while simultaneously providing them with the lowest rates and best service possible.

The Solution

First Coast Mortgage needed office furniture for their new location including cubicles, seating, end tables, and training tables. Andreas noted that from the initial communication with the Sales Representative, the interaction was position. This seamless communication extended to the Designer, Project Manager, and Installer.

Andreas reported that the design process was efficient, taking about a week to finalize the details. Both the delivery and installation proceeded smoothly, culminating in a great overall experience with Arnold's.
