

# Goodwill

## Case Study

### The Project

#### **Goodwill (Summer 2024):**

Goodwill, a social enterprise, recently transformed their Harrisburg, PA office with 20 Sunline Select cubicles, 40 Ergo Classic chairs, 12 Willow stools, 20 office desks, 5 conference tables, and lounge furniture from Arnold's. Following our first successful project with Goodwill in 2011, we were excited to return and outfit their new building. In just three months, we provided a seamless experience, designing a workspace that perfectly suited their needs—from the initial setup to furnishing their marketing department suite.

#### **About Our Client:**

Goodwill is dedicated to empowering individuals through job training, employment placement, and community support. By donating and shopping with Goodwill, you're helping create opportunities for people to reach their full potential. Each donation and purchase supports life-changing programs, creating paths to employment and independence.

## The Solution

The product presentation and photo brochure made all the difference! With clear visuals and ideas, our professional design team was able to suggest the perfect selections for their space. Our team completed the large, week-long installation with professionalism and efficiency, showing courtesy and respect for the office space and staff, and maintaining a clean and tidy work area throughout the project.
