

Star Valley Health

Case Study

The Project

Star Valley Health (Summer 2024):

Star Valley Health, a nationally recognized health care facility, recently transformed their Afton, WY office with 30 Sunline Signature cubicles, and 4 Sunline Signature Private Offices with swinging frosted glass doors from Arnold's. They leaned on Arnold's for quick delivery and the customization of workstations. In just three months, we provided a seamless experience, designing a workspace that perfectly suited their needs—from the initial setup to furnishing 4 different areas of their business building.

STAR VALLEY HEALTH

About Our Client:

At Star Valley Health, they're dedicated to providing compassionate, high-quality healthcare close to home. Serving the Star Valley community with a commitment to excellence, innovation, and patient-centered care, they're here to support you and your family's health journey every step of the way.

The Solution

Arnold's delivered quickly with custom workstation options, allowing them to optimize their setup in phases across multiple areas of the building. Communication was timely and efficient. The result? A well-designed, functional workspace tailored to their needs and ready for expansion.
