

ClinChoice

Case Study

The Project

ClinChoice (Fall 2024):

ClinChoice recently moved into a new office building in Horsham, PA, and needed to furnish their space with high-quality, affordable workstations. Their goal was to create a functional and professional workspace that met their needs while staying within budget.

Arnold's Office Furniture fulfilled their requirements by installing 66 Sunline Select workstations, delivering a tailored solution that aligned with their needs and expectations.

About Our Client:

ClinChoice is a trusted global leader in clinical development, post-marketing, and end-to-end functional support. From early clinical trials to post-approval management, we partner with top innovators in pharmaceuticals, biotech, medical devices, and more. Backed by a legacy of excellence, they deliver innovative, efficient, and high-quality solutions that drive success at every stage of the product lifecycle.

The Solution

Arnold's Office Furniture provided the ideal solution with the Sunline Select system, which met ClinChoice's requirements for both quality and affordability. Within just four weeks, our team successfully installed 66 Sunline Select cubicles. The entire process was seamless, from initial communication to the final installation.

Pawan Paudel, Operations Manager from ClinChoice, praised the experience, stating, "Communication with the sales representative and project manager went nicely. The turnaround time was quick, and the installation went smoothly and on time. We enjoyed working with Arnold's Furniture Store."

This project showcases our commitment to delivering quality solutions on time and with exceptional customer service.
